

SCHOOL OF SOCIAL SCIENCES AND COMMUNICATIONS			
Degree: POSTGRADUATE CERTIFICATE		CURRICULUM	
Credits: 11-14			
Program: FORENSIC PSYCHOLOGY			
Description: The Postgraduate Certificate in Forensic Psychology will train students in the Forensic Mental Health Assessment Model (FMHA) espoused by Best Practices in Forensic Mental Health Assessment Series, Oxford press and in collaboration with the American Academy of Forensic Psychology. The FMHA program will train students in advanced skills and competency required for assessments performed in legal referrals. The program will address the principal competencies in civil and criminal litigation.
